

FEATURED ALUM-A-LIFT CLEANROOM OPTIC LENS LIFTER AND MANIPULATOR

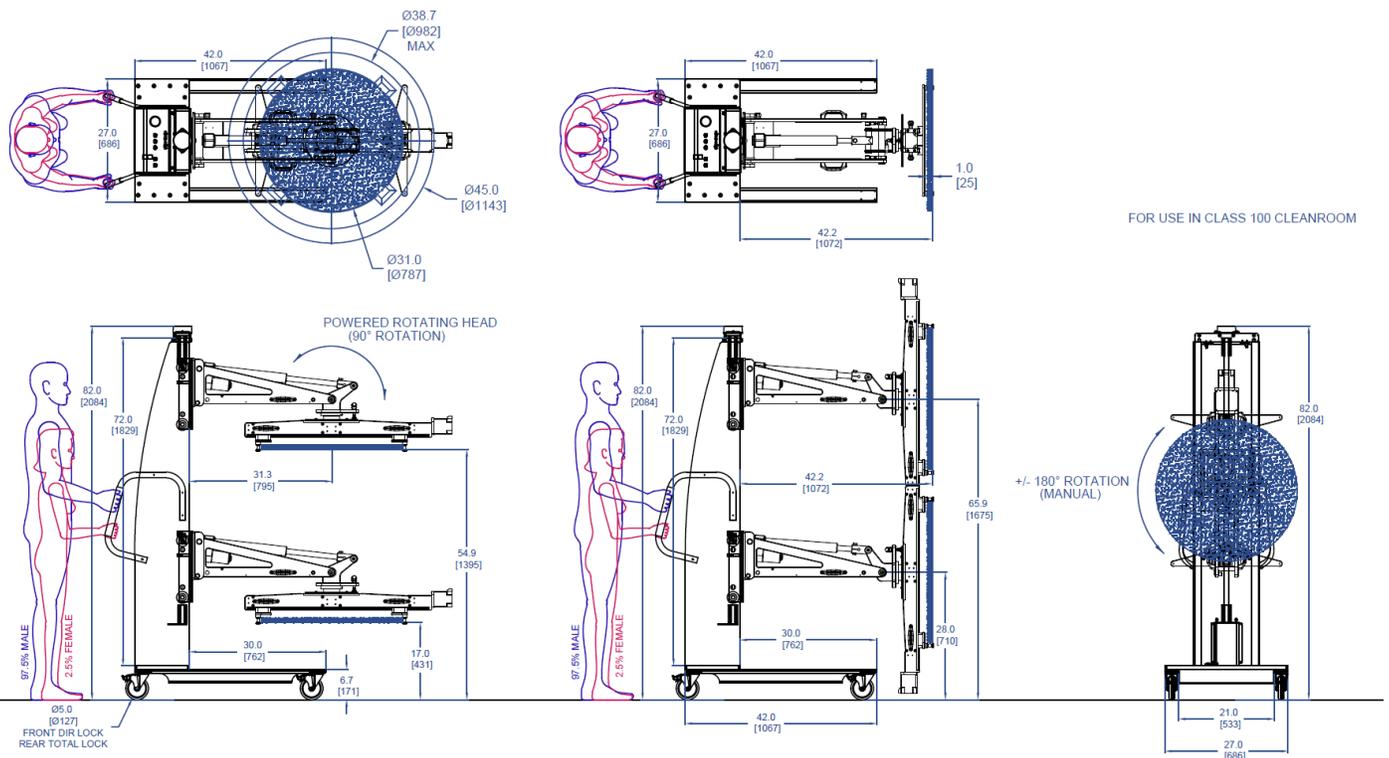

PROJECT 28435

MODEL A800CRCS-72

FEATURING Adjustable captivating fingers, rotating gripper and powered tilting head

HANDLING 125 lb [57 kg] optical lenses

DETAILS Optical lenses for space telescopes must undergo sputtering, cleaning and inspection processes in a Class 100 (ISO 6) cleanroom environment. This Alum-a-Lift utilizes a set of adjustable, captivating fingers which prevent surface scratching by engaging the edges of the lens with non-marring plastic. A powered tilting head and manual rotation allow the lens to be flipped 90° in the front-to-back direction and rotated 360° side-to-side for placement in process equipment.

FOR USE IN CLASS 100 CLEANROOM
